1 Write a review: The best reviews are passionate and personal. They offer a rich narrative, a wealth of detail, and a helpful tip or two for other consumers.

Here are some additional thoughts for conscientious reviewers.

1.1 To write a review on Tellit®, you need to have a valid email address. Creating a user profile and account is optional.

1.2 You can write a review on Tellit® about a business if you have had a buying or service experience with that business, purchased a product or service from the business, an organisation, a web service, etc. ("the Business"), or placed an order with the Business, or document your use of the Business' service, including via correspondence or other interaction with the Business.

1.3 You may only write about your own personal Service Experience. You are not permitted to write a review about somebody else's Service Experience with a certain business, like a family member or friend.

1.4 Your review should be accurate and factually correct. Feel free to air your personal opinion and experiences. You can add evidence of the purchase/visit/experience that could be receipts, photos or videos. Do not exaggerate your experience.

1.5 Your Service Experience with the Business must have occurred within the last 12 months. This means within 12 months from the date on which you write the review. If you have signed up for an ongoing service, the Service Experience begins immediately upon sign up and continues until the service is no longer provided by the Business. 2. Upload Pictures: Posting photos and/or video could be predominantly appropriate to the business and review the typical consumer experience (for instance, what the business illustrate, what the business delivers, and e.t.c.). Post a photo or video that displays a more unique personal experience with a business (for instance, a photo/video of you experiencing the business or the photo/video of the product purchased and displayed in your home, etc.), we may remove it from the photo gallery for the business, but it may still be regarded as a review of the business.
